**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
To Be Held May 15, 2002**

The Annual Meeting of Stockholders (the "Annual Meeting") of Seattle Genetics, Inc., a Delaware corporation (the "Company"), will be held

on Wednesday, May 15, 2002 at 10:00 a.m. local time at the principal offices of the Company at 21823 - 30th Drive S.E., Bothell, Washington 98021, for the following purposes:

1. To elect two directors to hold office until the 2005 Annual Meeting of Stockholders.
2. To approve the amendment of the Company's 2000 Directors' Stock Option Plan to increase the number of options granted annually to each nonemployee director.
3. To ratify the appointment of PricewaterhouseCoopers LLP as our independent accountants for the fiscal year ending December 31, 2002.
4. To transact such other business as may properly come before the Annual Meeting and any adjournment or postponement thereof.

You can find more information about each of these items, including the nominees for directors, in the attached Proxy Statement.

The Board of Directors has fixed the close of business on March 25, 2002 as the record date for determining the stockholders entitled to notice of and to vote at this Annual Meeting and at any adjournment or postponement thereof.

We cordially invite all stockholders to attend the Annual Meeting in person. However, whether or not you expect to attend the Annual Meeting in person, please mark, date, sign and return the enclosed proxy card as promptly as possible in the postage-prepaid envelope provided to ensure your representation and the presence of a quorum at the Annual Meeting. If you send in your proxy card and then decide to attend the Annual Meeting to vote your shares in person, you may still do so. Your proxy is revocable in accordance with the procedures set forth in the Proxy Statement.

By Order of the Board of Directors,

/s/ H. PERRY FELL

H. Perry Fell, Ph.D.
Chairman and Chief Executive Officer

/s/ CLAY B. SIEGALL

Clay B. Siegall, Ph.D.
President and Chief Scientific Officer

Bothell, Washington

PROXY STATEMENT FOR THE 2002 ANNUAL MEETING OF STOCKHOLDERS

MAY 15, 2002

Our Board of Directors is soliciting proxies for the 2002 Annual Meeting of Stockholders. This Proxy Statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

The Board set March 25, 2002 as the record date for the meeting. Stockholders of record who owned our common stock on that date are entitled to vote at and attend the meeting, with each share entitled to one vote. There were 29,917,812 shares of common stock outstanding on the record date.

Voting materials, which include this Proxy Statement, a proxy card and the 2001 Annual Report, are being mailed to stockholders on or about April 5, 2002.

In this Proxy Statement:

- "We," "us," "our" and the "Company" refer to Seattle Genetics, Inc.,
- "Annual Meeting" or "Meeting" means our 2002 Annual Meeting of Stockholders
- "Board of Directors" or "Board" means our Board of Directors
- "SEC" means the Securities and Exchange Commission

We have summarized below important information with respect to the Annual Meeting.

TIME AND PLACE OF THE ANNUAL MEETING

The Annual Meeting is being held on Wednesday, May 15, 2002 at 10:00 a.m. local time at our principal offices located at 21823 - 30th Drive S.E., Bothell, Washington 98021.

All stockholders who owned shares of our stock as of March 25, 2002, the record date, may attend the Annual Meeting and vote on the proposals considered at the meeting.

PURPOSE OF THE PROXY STATEMENT AND PROXY CARD

You are receiving a Proxy Statement and proxy card from us because you owned shares of our common stock on March 25, 2002, the record date. This Proxy Statement describes issues on which we would like you, as a stockholder, to vote. It also gives you information on these issues so that you can make an informed decision.

When you sign the proxy card, you appoint H. Perry Fell and Clay B. Siegall as your representatives at the meeting. H. Perry Fell and Clay B. Siegall will vote your shares, as you have instructed them on the proxy card, at the meeting. This way, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the meeting it is a good idea to complete, sign and return your proxy card in advance of the meeting in the event your plans change.

1

PROPOSALS TO BE VOTED ON AT THIS YEAR'S ANNUAL MEETING

You are being asked to vote on:

- The election of directors to serve on our Board of Directors.
- The amendment to our 2000 Directors' Stock Option Plan.
- The ratification of our appointment of PricewaterhouseCoopers LLP as our independent accountants for the current fiscal year.

The Board of Directors recommends a vote FOR each proposal.

VOTING PROCEDURE

You may vote by mail.

To vote by mail, please sign your proxy card and return it in the enclosed, prepaid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

You may vote in person at the meeting.

We will pass out written ballots to anyone who wants to vote at the meeting. If you hold your shares in street name, you must request a legal proxy from your stockbroker in order to vote at the meeting. Holding shares in "street name" means your shares of stock are held in an account by your stockbroker, bank, or other nominee, and the stock certificates and record ownership are not in your name. If your shares are held in street name and you wish to attend the Annual Meeting, you must notify your broker, bank or other nominee and obtain the proper documentation to vote your shares at the Annual Meeting.

You may vote by telephone or electronically via the Internet.

To submit your proxy by telephone or via the Internet, follow the instructions on the proxy card.

You may change your mind after you have returned your proxy.

If you change your mind after you return your proxy, you may revoke your proxy at any time before the polls close at the meeting. You may do this by:

- signing another proxy with a later date, or
- voting in person at the Annual Meeting.

MULTIPLE PROXY CARDS

If you received more than one proxy card, it means that you hold shares in more than one account. Please sign and return all proxy cards to ensure that all your shares are voted.

QUORUM REQUIREMENT

Shares are counted as present at the meeting if the stockholder either:

- is present and votes in person at the meeting, or
- has properly submitted a proxy card.

2

A majority of our outstanding shares as of the record date must be present at the meeting (either in person or by proxy) in order to hold the

Annual Meeting and conduct business. This is called a "quorum."

CONSEQUENCES OF NOT RETURNING YOUR PROXY; BROKER NON-VOTES

If your shares are held in your name, you must return your proxy (or attend the Annual Meeting in person) in order to vote on the proposals. If your shares are held in street name and you do not vote your proxy, your brokerage firm may either:

- vote your shares on routine matters, or
- leave your shares unvoted.

Under the rules that govern brokers who have record ownership of shares that are held in "street name" for their clients, brokers may vote such shares on behalf of their clients with respect to "routine" matters (such as the election of directors or the ratification of auditors), but not with respect to non-routine matters (such as a proposal submitted by a stockholder). If the proposals to be acted upon at any meeting include both routine and non-routine matters, the broker may turn in a proxy card for uninstructed shares that vote FOR the routine matters, but expressly states that the broker is not voting on non-routine matters. This is called a "broker non-vote." The three proposals described in this Proxy Statement qualify as routine matters.

Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of votes cast.

We encourage you to provide instructions to your brokerage firm by voting your proxy. This ensures that your shares will be voted at the meeting.

EFFECT OF ABSTENTIONS

Abstentions are counted as shares that are present and entitled to vote for the purposes of determining the presence of a quorum and as votes AGAINST for purposes of determining the approval of any matter submitted to the stockholders for a vote.

REQUIRED VOTE

Assuming a quorum is present, the two nominees receiving the highest number of yes votes will be elected as directors. The ratification of the independent accountants and the amendment to our 2000 Directors' Stock Option Plan will require the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting.

VOTE SOLICITATION; NO USE OF OUTSIDE SOLICITORS

Seattle Genetics, Inc. is soliciting your proxy to vote your shares at the Annual Meeting. In addition to this solicitation by mail, our directors, officers, and other employees may contact you by telephone, via the Internet, in person or otherwise to obtain your proxy. These persons will not receive any additional compensation for assisting in the solicitation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners. We will reimburse these entities and our transfer agent for their reasonable out-of-pocket expenses in forwarding proxy material. We have not retained the services of a proxy solicitor.

VOTING PROCEDURES

Votes cast by proxy or in person at the Annual Meeting will be tabulated by a representative of Mellon Investor Services, our transfer agent, who will act as the Inspector of Election. The Inspector will also determine whether a quorum is present at the Annual Meeting.

The shares represented by the proxy cards received, properly marked, dated, signed and not revoked, will be voted at the Annual Meeting. If the proxy card specifies a choice with respect to any matter to be acted on, the shares will be voted in accordance with that specified choice. Any proxy card which is returned but not marked will be voted FOR each of the director nominees, FOR each of the other proposals discussed in this Proxy Statement, and as the proxy holders deem desirable for any other matters that may come before the Annual Meeting. Broker non-votes will not be considered as voting with respect to any matter for which the broker does not have voting authority.

We believe that the procedures to be used by the Inspector to count the votes are consistent with Delaware law concerning voting of shares and determination of a quorum.

PUBLICATION OF VOTING RESULTS

We will announce preliminary voting results at the meeting. We will publish the final results in our quarterly report on Form 10-Q for the second quarter of 2002, which we will file with the SEC. You can get a copy by contacting our Investor Relations Department at (425) 527-4000 or the SEC at (800) 732-0330 for the location of the nearest public reference room, or through the EDGAR system at www.sec.gov.

OTHER BUSINESS

We do not know of any business to be considered at the 2002 Annual Meeting other than the proposals described in this proxy statement. However, because we did not receive notice of any other proposals to be brought before the meeting by April 5, 2002, if any other business is properly presented at the Annual Meeting, your signed proxy card gives authority to H. Perry Fell and Clay B. Siegall to vote on such matters at their discretion.

PROPOSALS FOR 2003 ANNUAL MEETING

To have your proposal included in our proxy statement for the 2003 Annual Meeting, you must submit your proposal in writing by

December 6, 2002 to H. Perry Fell, Chairman and Chief Executive Officer, Seattle Genetics, 21823 - 30th Drive S.E., Bothell, Washington, 98021.

If you submit a proposal for the 2003 Annual Meeting after December 6, 2002, management may or may not, at their discretion, present the proposal at the meeting, and the proxies for the 2003 Annual Meeting will confer discretion on the management proxy holders to vote against your proposal.

Proposals of stockholders intended to be considered at the 2003 Annual Meeting but not included in the Company's proxy statement for that meeting must be received by the Company at the above address no earlier than January 15, 2003 and no later than February 14, 2003.

4

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Amended and Restated Certificate of Incorporation requires that the Board of Directors is divided into three approximately equal classes, with staggered three-year terms. As a result, approximately one-third of the total number of directors will be elected every year. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until such director's successor is elected and qualified.

The Board of Directors is presently composed of seven members. The Class I directors, whose terms expire at the 2002 Annual Meeting, are Karl Erik Hellström and Michael F. Powell. The Class II directors, whose terms expire at the Company's 2003 Annual Meeting of Stockholders, are Clay B. Siegall, Charles P. Waite, Jr. and Douglas E. Williams. The Class III directors, whose terms expire at the Company's 2004 Annual Meeting of Stockholders, are H. Perry Fell and Marc E. Lippman. Our stockholders only elect one class of directors at each annual meeting. The other classes continue to serve for the remainder of their three-year term. Dr. Hellström and Dr. Powell have been nominated by the Board for re-election at the Annual Meeting as Class I directors for three-year terms expiring at the 2005 Annual Meeting.

Director Louis C. Bock resigned from our Board of Directors effective March 29, 2002. Our Certificate of Incorporation and Bylaws provide that the Board of Directors may reduce the size of the Board in certain circumstances, and they decreased the size of the Board of Directors to seven members effective upon Mr. Bock's resignation.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of such substitute nominee as management may propose. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

5

Dr. Sing trained in Pediatric Hematology/Oncology at the Fred Hutchinson Cancer Research Center and the University of Washington from July 1990 to June 1994, and in Pediatrics at the Children's

Hospital in Boston, MA from July 1987 to June 1990. She received an M.D. from Stanford University School of Medicine and a B.A. in Anthropology from Amherst College.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During the period from January 1, 2001 through December 31, 2001, the Board met seven times. Each director, except for director Marc E. Lippman, who attended four of the seven meetings of the entire Board, attended at least 75% of all Board and applicable committee meetings during this time. The Board has a Compensation Committee, an Audit Committee and a Stock Option Committee.

Charles P. Waite, Jr., Karl Erik Hellström, Marc E. Lippman and Douglas E. Williams are members of the Compensation Committee. The Compensation Committee held one meeting during the last fiscal year. The functions of the Compensation Committee are to establish and administer our policies regarding annual executive salaries and cash incentives and long-term equity incentives. The Compensation Committee administers our 1998 Stock Option Plan, 2000 Directors' Stock Option Plan and 2000 Employee Stock Purchase Plan.

The Audit Committee is comprised of the following directors: Charles P. Waite, Jr., Michael F. Powell and Douglas E. Williams. Louis C. Bock was a member of the Audit Committee until his resignation as a director, effective March 29, 2002. Dr. Williams replaced Mr. Bock on the Audit Committee at that time. The Audit Committee held two meetings during the last fiscal year. The functions of the Audit Committee are to recommend the engagement of the independent accountants, to monitor the effectiveness of the audit effort, and to monitor our financial and accounting organization and its system of internal accounting controls. The Audit Committee has a written charter, which is attached as Appendix A to this proxy statement.

The Stock Option Committee is comprised of H. Perry Fell and Clay B. Siegall. The purpose of the Stock Option Committee is to make such examinations and take such actions as are necessary to grant options to purchase shares of the Company's common stock to employees and consultants of the Company who are not executive officers, director-level or above employees or members of the Board of Directors. The Stock Option Committee grants options within certain parameters set by the Board of Directors. Our Compensation Committee, however, retains all authority to take action and make determinations with respect to our stock option plans.

The Board does not have a nominating committee or a committee performing the functions of a nominating committee.

DIRECTOR COMPENSATION

Effective January 1, 2002, our nonemployee directors not affiliated with any of our principal stockholders receive \$1,500 per Board meeting attended in person and \$500 per Board meeting attended telephonically, plus reimbursement for out-of-pocket expenses incurred in connection with attendance at Board meetings. All other directors currently receive no cash fees for services provided in that capacity but are reimbursed for reasonable and customary travel expenses. Effective March 25, 2002, our nonemployee directors receive \$500 per committee meeting attended in person or by telephone.

The Company's 2000 Directors' Stock Option Plan provides that each person who becomes a nonemployee director of the Company, and each person who was a nonemployee director of the Company on the effective date of the Company's initial public offering, is granted a nonstatutory stock option to purchase 25,000 shares of the Company's common stock, provided that such nonemployee director had not previously been granted any stock options by the Company (the "Initial Option"). The Initial Option is granted on the date on which the optionee

first becomes a nonemployee director of the Company or on the effective date of the Company's initial public offering, as the case may be.

Thereafter, on the date of each Annual Meeting of the Company's stockholders, each nonemployee director is granted an additional option to purchase 5,000 shares of common stock if, on such date, he or she has served on the Board for at least six months (the "Annual Option"). Each of the nominees for director and each continuing director will have served for more than six months at the time of the Annual Meeting, so each director who continues to serve on the Board following the Annual Meeting will receive an option to purchase 5,000 shares of common stock under the Directors Plan on the date of the Annual Meeting. If Proposal No. 3 is approved, the number of shares subject to each Annual Option shall increase to 10,000 shares of common stock.

In each case, the size of the option grants would be adjusted to reflect any stock splits, stock dividends, combinations or similar transactions. These options are for a ten-year term. The Annual Options become exercisable on the day before the anniversary of the date of grant of the Annual Option and the Initial Options become exercisable as to 25% of the shares subject to the Initial Option on the first anniversary of the date of grant of the Initial Option and 1/36th of the remaining shares subject to the Initial Option each month thereafter. The exercise price of the options shall be equal to the fair market value of our common stock on the Nasdaq National Market on the date the option was granted. The options remain exercisable for up to ninety days following the optionee's termination of service as a director of the Company, unless such termination is a result of death or disability, in which case the options remain exercisable for up to a twelve-month period (or such lesser period as is determined by the Board).

Upon effectiveness of the Company's initial public offering in March 2001, Charles P. Waite, Jr., Louis C. Bock and Michael F. Powell each received a grant of 25,000 shares. In May 2001, Douglas E. Williams was elected to the Board for the first time and received a grant of 25,000 shares.

Employee directors receive no additional compensation for serving on the Board of Directors.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT ACCOUNTANTS

The Audit Committee has recommended, and the Board has approved, the appointment of PricewaterhouseCoopers LLP as our independent accountants. PricewaterhouseCoopers LLP has served as our independent accountants since June 1998. In the event that ratification of this selection of accountants is not approved by a majority of the shares of Common Stock voting at the Annual Meeting in person or by proxy, the Board will review its future selection of auditors.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting. This representative will have an opportunity to make a statement and will be available to respond to appropriate questions.

Recommendation of the Board:

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE
RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE
COMPANY'S INDEPENDENT ACCOUNTANTS FOR THE YEAR ENDING DECEMBER 31, 2002.**

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate future filings, including this Proxy Statement, in whole or in part, the Audit Committee Report shall not be deemed to be incorporated by reference into any such filings.

AUDIT COMMITTEE REPORT

The Audit Committee of the Seattle Genetics Board of Directors is comprised of three independent directors and operates under a written charter adopted by the Board of Directors in March 2001, which is included in this proxy statement as Appendix A. The members of the Audit Committee in 2001 were Charles P. Waite, Jr., Michael F. Powell and Louis C. Bock. Douglas E. Williams replaced Mr. Bock on the Audit Committee effective March 29, 2002. Each of the members of the Audit Committee is independent as defined by the Nasdaq Marketplace Rules.

The Audit Committee recommends to the Board of Directors, subject to stockholder ratification, the selection of an accounting firm to be engaged as the Company's independent accountants. The independent accountants are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and to issue a report thereon. Management is responsible for our internal controls and the financial reporting process. The Audit Committee is responsible for monitoring and overseeing these processes.

The Audit Committee held two meetings during the fiscal year 2001. The meetings were designed to facilitate and encourage communication between the Audit Committee, management and our independent accountants, PricewaterhouseCoopers LLP. Management represented to the Audit Committee that our financial statements were prepared in accordance with generally accepted accounting principles. The Audit Committee reviewed and discussed the audited financial statements for fiscal year 2001 with management and the independent accountants.

The Audit Committee discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended.

The Audit Committee has received and reviewed the written disclosures and the letter from the independent accountants, PricewaterhouseCoopers LLP as required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. Additionally, the Audit Committee has discussed with PricewaterhouseCoopers LLP the issue of its independence from Seattle Genetics, Inc.

Based on its review of the audited financial statements and the various discussions noted above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2001.

FEES BILLED FOR SERVICES RENDERED BY PRINCIPAL ACCOUNTANT

AUDIT FEES

Related to the audit of the Company's financial statements as of and for the fiscal year ended December 31, 2001, the aggregate fees billed by PricewaterhouseCoopers LLP, our independent accountants, for such audit and for the reviews of the Company's unaudited interim financial statements totaled approximately \$67,000.

11

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

During the fiscal year ended December 31, 2001, PricewaterhouseCoopers LLP did not bill the Company for any information technology consulting services.

ALL OTHER FEES

During the fiscal year ended December 31, 2001, the aggregate fees billed by PricewaterhouseCoopers LLP for professional services other than audit and information technology consulting fees was approximately \$241,000, of which approximately \$229,000 was for services provided in connection with the Company's initial public offering in March 2001 and approximately \$12,000 was for tax related services.

PROPOSAL NO. 3

AMENDMENT OF 2000 DIRECTORS' STOCK OPTION PLAN

You are being asked to approve the amendment of the 2000 Directors' Stock Option Plan (the "Directors Plan"). The Directors Plan was adopted by the Board of Directors in November 2000 and the Board has reserved a total of 400,000 shares of common stock for issuance under the Directors Plan.

The Directors Plan provides for the grant of nonstatutory stock options to our nonemployee directors. It is designed to work automatically and not to require administration; however, to the extent administration is necessary, it will be provided by the Compensation Committee of the Board of Directors.

The Board of Directors believes that, in order to provide an incentive for directors to continue to serve and to assist us in recruiting highly qualified individuals when vacancies occur on the Board of Directors, it is necessary to grant options to purchase common stock to such persons pursuant to the Directors Plan. Accordingly, we are asking the stockholders to approve the amendment of the Directors Plan to provide that each nonemployee director shall be automatically granted an option to purchase 10,000 shares (the "Annual Option") on the date of each Annual Meeting of the Company's stockholders immediately following which such nonemployee Director is serving on the Board, provided that, on such date, he or she shall have served on the Board for at least six months prior to the date of such Annual Meeting. Prior to this amendment, the Directors Plan provided that the Annual Option size was 5,000 shares. If approved, this amendment shall become effective as of the date of the 2002 Annual Meeting and all nonemployee directors serving after the date of this 2002 Annual Meeting shall receive an Annual Option for 10,000 shares.

VOTE REQUIRED

The affirmative vote of the holders of a majority of common stock present at the Annual Meeting in person or by proxy and entitled to vote is required to approve the amendment of the Directors Plan.

A summary of principal features of the Directors Plan follows. The summary, however, does not purport to be a complete description of all the provisions of the Directors Plan. Any stockholder of the Company who wishes to obtain a copy of the actual plan documents may do so upon written request to H. Perry Fell at the Company's principal offices at 21823 - 30th Drive S.E., Bothell, WA 98021.

PLAN SUMMARY

GENERAL

The Directors Plan provides that each person who becomes a nonemployee director after the effective date of the Directors Plan shall be automatically granted an option to purchase 25,000 shares

of common stock on the date on which such person first becomes a nonemployee director, whether through election by the stockholders or appointment by the Board of Directors to fill a vacancy, unless we have previously granted such person an option to purchase shares under any of our stock option plans (the "Initial Option"). An Annual Option to purchase 5,000 shares is automatically granted to each nonemployee director on the date of each annual meeting of the stockholders after which the director remains on the Board, provided that on that date the nonemployee director has served on the Board of Directors for at least six months.

The Directors Plan provides for neither a maximum nor a minimum number of shares subject to options that may be granted to any one nonemployee director, but does provide for the number of shares that may be included in any grant and the method of making a grant. No option granted under the Directors Plan is transferable by the optionee other than by will or the laws of descent or distribution or pursuant to the terms of a qualified domestic relations order (as defined by the Internal Revenue Code), and each option is exercisable, during the lifetime of the optionee, only by such optionee.

The Directors Plan provides that each Initial Option granted becomes exercisable as to 25% of the shares subject to the Initial Option on the first anniversary of the date of grant of the Initial Option and 1/36th of the remaining shares subject to the Initial Option each month thereafter. As to each Annual Option, 100% of the shares subject to the Annual Option shall vest and become exercisable on the day before the first anniversary of the date of grant of the Annual Option. The options remain exercisable for up to ninety days following the optionee's termination of service as a director of the Company, unless such termination is a result of death or disability, in which case the options remain exercisable for up to a twelve-month period (or such lesser period as is determined by the Board).

EXERCISE PRICE AND TERM OF OPTIONS

The exercise price of all stock options granted under the Directors Plan shall be equal to the fair market value of a share of our common stock on the date of grant of the option, which is defined to be the closing sale price of our common stock on the Nasdaq National Market on that date. Options granted under the Directors Plan have a term of ten years.

PLAN BENEFITS

The following table sets forth information with respect to the stock options granted to our nonemployee directors (six persons) as of March 15, 2002 pursuant to the Directors Plan. As discussed above, our directors who are our employees are not eligible for grants under the Directors Plan.

Director	Number of Shares Subject to Options Granted under the Directors' Option Plan	Exercise Price Per Share
Charles P. Waite, Jr.	25,000	\$ 7.00
Louis C. Bock	25,000	\$ 7.00
Karl Erik Hellström, M.D., Ph.D. (1)	—	—
Marc E. Lippman, M.D. (1)	—	—
Michael F. Powell, Ph.D.	25,000	\$ 7.00
Douglas E. Williams, Ph.D.	25,000	\$ 8.43

(1) These nonemployee directors were previously granted options to purchase our common stock under our 1998 Stock Option Plan.

MERGER OR SALE OF ASSETS

In the event of our dissolution or liquidation, a sale of all or substantially all of our assets, or a merger or consolidation with or into another corporation in which we are not the surviving corporation or any other capital reorganization in which more than 50% of the shares entitled to vote are exchanged, each nonemployee director shall have a reasonable time within which to exercise the option, including any part of the option that would not otherwise be exercisable, prior to the effectiveness of such dissolution, liquidation, sale, merger or reorganization, at the end of which time the option shall terminate, or shall receive a substitute option with comparable terms, as to an equivalent number of shares of stock of the successor corporation acquiring its business by reason of such dissolution, liquidation, sale, merger, consolidation or reorganization.

AMENDMENT AND TERMINATION

The Board of Directors may at any time amend or terminate the Directors Plan, except that such termination cannot affect options previously granted without the agreement of any optionee so affected. Notwithstanding the foregoing, the provisions regarding the grant of options under the Directors Plan may be amended only once in any six-month period, other than to comport with changes in the Internal Revenue Code, the Employee Retirement Income Security Act of 1974, or related rules.

If not terminated earlier, the Directors Plan will expire in 2010.

U.S. FEDERAL INCOME TAX INFORMATION

The following is a brief summary of the effect of federal income taxation with respect to the grant and exercise of options under the Directors Plan, does not purport to be complete, and does not discuss the income tax laws of any municipality, state or foreign country in which an optionee may reside. We advise all eligible directors to consult their own tax advisors concerning tax implications of option grants and exercises and the disposition of stock acquired upon such exercises under the Directors Plan.

Options granted under the Directors Plan are nonstatutory stock options. An optionee will not recognize any taxable income at the time he or she is granted a nonstatutory stock option. However upon its exercise, the optionee will recognize ordinary income for tax purposes measured by the excess of the then fair market value of the shares over the option price. Because the optionee is a director, the date of taxation (and the date of measurement of taxable ordinary income) may be deferred unless the optionee files an election with the Internal Revenue Service under Section 83(b) of the Internal Revenue Code. Upon resale of such shares by the optionee, any difference between the sale price and the exercise price, to the extent not recognized as ordinary income as provided above will be treated as capital gain (or loss), and will be long-term capital gain if the optionee has held the shares more than one year. For individual taxpayers, the current U.S. federal income tax rate on long-term capital gains is 20%, whereas the maximum rate on other income is 39.6%. Capital losses for individual taxpayers are allowed under U.S. tax laws in full against capital gains plus \$3,000 of other income. We will be entitled to a tax deduction in the amount and at the time that the optionee recognizes ordinary income with respect to shares acquired upon exercise of a nonstatutory stock option.

Recommendation of the Board:

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR AMENDMENT OF THE 2000 DIRECTORS' STOCK OPTION PLAN.

EMPLOYMENT CONTRACTS

In October 2001, the Company entered into employment agreements with H. Perry Fell, our Chairman and Chief Executive Officer, and Clay B. Siegall, our President and Chief Scientific Officer. These agreements provide that Drs. Fell and Siegall will receive an annual base salary of \$210,000 and they may receive an annual bonus based upon performance criteria and financial and operational results of the Company as determined by the Board of Directors. Drs. Fell and Siegall are also eligible to receive additional grants of stock options or purchase rights from time to time in the future, as determined by the Board of Directors. In addition, pursuant to the agreements, in the event employment is terminated by the Company without cause, either will be entitled to receive his monthly base salary and benefits for 12 months, and to continue vesting of his options for those 12 months. The agreements additionally provide that, in the event of a change of control, 100% of their stock options shall be vested. Drs. Fell's and Siegall's employment is for no specified length of time, and either party has the right to terminate employment at any time with or without cause.

OPTION GRANTS IN FISCAL YEAR 2001

The following table provides information with respect to stock options granted to the Named Executive Officers during the fiscal year that ended December 31, 2000. In addition, as required by SEC rules, the table sets forth the hypothetical gains that would exist for the options based on assumed rates of annual compound stock price appreciation during the option term.

- (1) No stock appreciation rights (SARs) were granted to the Named Executive Officers in the last fiscal year.
- (2) Options vest at a rate of 25% on the anniversary of the vesting commencement date and ratably each month over the remaining 36-month period. The options have a 10-year term, but are subject to earlier termination in connection with termination of employment. In the event of certain change-in-control transactions, options held by H. Perry Fell and Clay B. Siegall shall be 100% exercisable.
- (3) The Company granted stock options representing 1,470,250 shares to employees in the last fiscal year.
- (4) The exercise price may be paid in cash, in shares of Common Stock valued at fair market value on the exercise date or through a cashless exercise procedure involving a same-day sale of the purchased shares. The Company may also finance the option exercise by loaning the optionee sufficient funds to pay the exercise price for the purchased shares and the federal and state income tax liability incurred by the optionee in connection with such exercise.
- (5) The potential realizable value illustrates value that might be realized upon exercise of the options immediately prior to the expiration of their terms, assuming the specified compounded rates of appreciation of the market price per share for the date of grant to the end of the option term. Actual gains, if any, on stock option exercise are dependent upon a number of factors, including the future performance of the Common Stock and the timing of option exercises, as well as the optionees' continued employment throughout the vesting period. There can be no assurance that the amounts reflected in this table will be achieved.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following is a report of the Compensation Committee of the Board of Directors describing the compensation policies applicable to the Company's executive officers during the fiscal year that ended December 31, 2001. The Compensation Committee is responsible for establishing and monitoring our general compensation policies and compensation plans, as well as the specific compensation levels for executive officers. It also makes recommendations to the Board of Directors concerning the granting of options under our 1998 Stock Option Plan. Executive officers who are also directors have not participated in deliberations or decisions involving their own compensation.

GENERAL COMPENSATION POLICY

Under the supervision of the Board of Directors, our compensation policy is designed to attract and retain qualified key executives critical to our growth and long-term success. It is the objective of the Board of Directors to have a portion of each executive's compensation contingent upon our performance as well as upon the individual's personal performance. Accordingly, each executive officer's compensation package is comprised of three elements: (i) base salary which reflects individual performance and expertise, (ii) variable bonus awards payable in cash and tied to the achievement of certain performance goals that the Board of Directors establishes from time to time for the Company and (iii) long-term stock-based incentive awards which are designed to strengthen the mutuality of interests between the executive officers and our stockholders.

The summary below describes in more detail the factors which the Board of Directors considers in establishing each of the three primary components of the compensation package provided to the executive officers.

BASE SALARY

The level of base salary is established primarily on the basis of the individual's qualifications and relevant experience, the strategic goals for which he or she has responsibility, the compensation levels at similar companies and the incentives necessary to attract and retain qualified management. Base salary is adjusted each year to take into account the individual's performance and to maintain a competitive salary structure. Company performance does not play a significant role in the determination of base salary.

CASH-BASED INCENTIVE COMPENSATION

Cash bonuses are awarded on a discretionary basis to executive officers on the basis of their success in achieving specific company-wide goals, such as product development milestones, clinical trial progress and collaboration objectives and, to a lesser extent, their success in achieving designated individual goals.

LONG-TERM INCENTIVE COMPENSATION

We have utilized our stock option plans to provide executives and other key employees with incentives to maximize long-term stockholder values. Awards under this plan by the Board of Directors take the form of stock options designed to give the recipient a significant equity stake and thereby closely align his or her interests with those of our stockholders. Factors considered in making such

20

awards include the individual's position, his or her performance and responsibilities, and internal comparability considerations.

Each option grant allows the executive officer to acquire shares of common stock at a fixed price per share (the fair market value on the date of grant) over a specified period of time (up to 10 years). The options typically vest in periodic installments over a four-year period, contingent upon the executive officer's continued employment with us. Accordingly, the option will provide a return to the executive officer only if he or she remains in our service, and then only if the market price of the Common Stock appreciates over the option term.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

Dr. Fell's base salary during fiscal 2001 as our Chief Executive Officer was \$209,167. His bonus for the fiscal year was \$66,150. In addition, he was granted an option to purchase 400,000 shares of the Company's common stock.

The factors discussed above in "Base Salaries," "Cash-Based Incentive Compensation," and "Long-Term Incentive Compensation" were applied in establishing the amount of Dr. Fell's salary and stock option grant. Significant factors in establishing Dr. Fell's compensation were his contributions toward completion of the Company's initial public offering and advancement of the Company's operating and financial goals.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

The Compensation Committee has considered the impact of Section 162(m) of the Internal Revenue Code adopted under the Omnibus Budget Reconciliation Act of 1993, which section disallows a deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the CEO and four other most highly compensated executive officers, respectively, unless such compensation meets the requirements for the "performance-based" exception to Section 162(m). As the cash compensation paid by the Company to each of its executive officers is expected to be below \$1 million and the committee believes that options granted under the Company's 1998 Stock Option Plan to such officers will meet the requirements for qualifying as performance-based, the committee believes that Section 162(m) will not affect the tax deductions available to the Company with respect to the compensation of its executive officers. It is the Compensation Committee's policy to qualify, to the extent reasonable, its executive officers' compensation for deductibility under applicable tax law. However, the Company may from time to time pay compensation to its executive officers that may not be deductible.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of the Board of Directors currently consists of Charles P. Waite, Jr., Karl Erik Hellström, Marc E. Lippman and Douglas E. Williams. No member of the committee or executive officer of the Company has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

TRANSACTIONS WITH MANAGEMENT

The Company loaned \$115,600 to Mr. Carroll, the Company's Chief Financial Officer, in September 2000 pursuant to a Promissory Note to facilitate Mr. Carroll's exercise of an option to purchase 400,000 shares of the Company's common stock. In October 2001, this amount plus interest of \$7,608 was repaid to the Company by Mr. Carroll.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return data for our stock since March 6, 2001 (the date on which the Company's stock was first registered under Section 12 of the Securities Exchange Act of 1934, as amended) to the cumulative return over such period of (i) the Nasdaq Stock Market (U.S.) Index, and (ii) the Nasdaq Biotechnology Index. The graph assumes that \$100 was invested on March 6, 2001, the date on which the Company completed the initial public offering of its Common Stock, in the Common Stock of the Company and in each of the comparative indices. The graph further assumes that such amount was initially invested in the Common Stock of the Company at a per share price of \$7.00, the price to which such stock was first offered to the public by the Company on the date of its initial public offering, and reinvestment of any dividends. The stock price performance on the following graph is not necessarily indicative of future stock price performance.

SECTION 16 BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, our executive officers and persons who own more than 10% of the common stock (collectively, "Reporting Persons") to file initial reports of ownership and changes in ownership of our common stock. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely on our review of the copies of such reports received or written representations from certain Reporting Persons that no other reports were required, we believe that during the fiscal year ended December 31, 2001 all Reporting Persons complied with all applicable filing requirements.

OTHER MATTERS

The Board of Directors knows of no other business that will be presented to the Annual Meeting. If any other business is properly brought

before the Annual Meeting, proxies in the enclosed form will be voted in respect thereof as the proxy holders deem advisable.

It is important that the proxies be returned promptly and that your shares be represented. Stockholders are urged to mark, date, execute and promptly return the accompanying proxy card in the enclosed envelope.

APPENDIX A

SEATTLE GENETICS, INC.

Charter for the Audit Committee of the Board of Directors

Purpose

The purpose of the Audit Committee established by this charter will be to make such examinations as are necessary to monitor the corporate financial reporting and the internal and external audits of Seattle Genetics, Inc. (the "Company"), to provide to the Board of Directors (the "Board") the results of its examinations and recommendations derived therefrom, to outline to the Board improvements made, or to be made, in internal accounting controls, to nominate independent auditors, to review the finance function of the Company (which will include, among other matters, the Company's investment activities) and to provide the Board such additional information and materials as it may deem necessary to make the Board aware of significant financial matters which require Board attention.

The Audit Committee will undertake those specific duties and responsibilities listed below, and such other duties as the Board from time to time may prescribe.

STATEMENT OF POLICY

The Audit Committee shall provide assistance to the corporate directors in fulfilling their responsibility to the shareholders, potential shareholders and investment community relating to corporate accounting, reporting practices of the corporation and the quality and integrity of the financial reports and internal controls of the corporation. In doing so, it is the responsibility of the Audit Committee to maintain free and open means of communication between the directors, the independent auditors and the financial management of the corporation.

Membership

The Audit Committee must be comprised of at least three members of the Board. Such members will be elected and serve at the pleasure of the Board. The members of the Audit Committee will not be employees of the Company. Each member of the Audit Committee shall be an "independent director," as defined by and to the extent required by the Rules of the National Association of Securities Dealers, Inc. ("NASD").

Further, each member of the Audit Committee must be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement, and cash flow statement, or must become able to do so within a reasonable period of time after his or her appointment to the Audit Committee. Additionally, at least one member of the Audit Committee must have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities.

RESPONSIBILITIES

In carrying out its responsibilities, the Audit Committee believes its policies and procedures should remain flexible in order to react to changing conditions and to ensure that the corporate accounting and reporting practices of the corporation are in accordance with all requirements and are of the highest quality.

A-1

In carrying out these responsibilities, the Audit Committee will:

- Meet periodically during the year as deemed appropriate by the Chairman, committee members or independent auditors.
- Review and reassess the Audit Committee Charter at least annually and recommend changes, as appropriate, to the directors.

- Review and recommend to the directors, the independent auditors to be selected to audit the financial statements of the corporation and its divisions and subsidiaries.
- Meet with the independent auditors and financial management of the corporation to review the scope of the proposed audit and fees for the current year and the audit procedures to be utilized, and at the conclusion thereof review such audit, including comments or recommendation of the independent auditors. These meetings should include a discussion of the matters required to be discussed by Statement of Auditing Standards No. 61 (SAS 61), and independence issues consistent with Independence Standards Board Standard No. 1, both as may be amended from time to time.
- Review with the independent auditors, and financial and accounting personnel, the adequacy and effectiveness of the accounting and financial controls of the corporation, and elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable. Particular emphasis should be given to the adequacy of such internal controls to expose any payments, transactions or procedures that might be deemed illegal or otherwise improper.
- Review the audited financial statements with management and the independent auditors to determine the adequacy of the financial statements for inclusion in the annual report to shareholders on Form 10-K for filing with the Securities and Exchange Commission.
- Provide sufficient opportunity for the independent auditors to meet with the members of the Audit Committee without members of management present. Among the items to be discussed in these meetings are the independent auditors' evaluation of the corporations financial, accounting, and audit personnel, and the cooperation that the independent auditors received during the course of the audit.
- Submit the minutes of all meetings of the Audit Committee to, or discuss the matters discussed at each committee meeting with, the Board of Directors.
- Review with financial management and the independent accountants the quarterly financial reports, including those matters required to be discussed by SAS 61, prior to the filing of the Form 10-Q. The chair of the committee may represent the entire committee for the purposes of this review.
- Investigate any matter brought to its attention within the scope of its duties, with the power to retain outside counsel for this purpose if, in its judgment, that is appropriate.
- Evaluate whether management is setting the appropriate tone at the top by communicating the importance of code of conduct and guidelines for appropriate business practices and review management's monitoring of compliance with written codes of conduct and laws and regulations.

In addition to the above responsibilities, the Audit Committee will undertake such other duties as the Board delegates to it.

Finally, the Audit Committee shall ensure that the Company's auditors understand both (i) their ultimate accountability to the Board and the Audit Committee, as representatives of the Company's stockholders, and (ii) the Board's and the Audit Committee's ultimate authority and responsibility to select, evaluate and, where appropriate, replace the Company's independent auditors (or to nominate the outside auditor to be proposed for stockholder approval in any proxy statement).

SEATTLE GENETICS, INC.

2000 DIRECTORS' STOCK OPTION PLAN

1. **Purposes of the Plan.** The purposes of this Directors' Stock Option Plan are to attract and retain the best available personnel for service as Directors of the Company, to provide additional incentive to the Outside Directors of the Company to serve as Directors, and to encourage their continued service on the Board.

All options granted hereunder shall be nonstatutory stock options.

2. **Definitions.** As used herein, the following definitions shall apply:

(a) "**Board**" means the Board of Directors of the Company.

(b) "**Change of Control**" means a sale of all or substantially all of the Company's assets, or a merger, consolidation or other capital reorganization of the Company with or into another corporation, or any other transaction or series of related transactions in which the Company's stockholders immediately prior thereto own less than 50% of the voting stock of the Company (or its successor or parent) immediately thereafter.

(c) "**Code**" means the Internal Revenue Code of 1986, as amended.

(d) "**Common Stock**" means the Common Stock of the Company.

(e) "**Company**" means Seattle Genetics, Inc., a Delaware corporation.

(f) "**Continuous Status as a Director**" means the absence of any interruption or termination of service as a Director.

(g) "**Director**" means a member of the Board.

- (h) "**Employee**" means any person, including any officer or Director, employed by the Company or any Parent or Subsidiary of the Company. The payment of a director's fee by the Company shall not be sufficient in and of itself to constitute "employment" by the Company.
- (i) "**Exchange Act**" means the Securities Exchange Act of 1934, as amended.
- (j) "**Option**" means a stock option granted pursuant to the Plan. All options shall be nonstatutory stock options (i.e., options that are not intended to qualify as incentive stock options under Section 422 of the Code).
- (k) "**Optioned Stock**" means the Common Stock subject to an Option.
- (l) "**Optionee**" means an Outside Director who receives an Option.
- (m) "**Outside Director**" means a Director who is not an Employee.
- (n) "**Parent**" means a "parent corporation," whether now or hereafter existing, as defined in Section 424(e) of the Code.
- (o) "**Plan**" means this 2000 Directors' Stock Option Plan.
- (p) "**Share**" means a share of the Common Stock, as adjusted in accordance with Section 11 of the Plan.
- (q) "**Subsidiary**" means a "subsidiary corporation," whether now or hereafter existing, as defined in Section 424(f) of the Code.

3. **Stock Subject to the Plan.** Subject to the provisions of Section 11 of the Plan, the maximum aggregate number of Shares which may be optioned and sold under the Plan is **400,000** Shares of Common Stock (the "Pool"). The Shares may be authorized, but unissued, or reacquired Common Stock.

If an Option should expire or become unexercisable for any reason without having been exercised in full, the unpurchased Shares which were subject thereto shall, unless the Plan has been terminated, become available for future grant under the Plan. In addition, any Shares of Common Stock that are retained by the Company upon exercise of an Option in order to satisfy the exercise price for such Option, or any withholding taxes due with respect to such exercise, shall be treated as not issued and shall continue to be available under the Plan. If Shares that were acquired upon exercise of an Option are subsequently repurchased by the Company, such Shares shall not in any event be returned to the Plan and shall not become available for future grant under the Plan.

4. **Administration of and Grants of Options under the Plan.**

(a) **Administrator.** Except as otherwise required herein, the Plan shall be administered by the Board.

(b) **Procedure for Grants.** All grants of Options hereunder shall be automatic and nondiscretionary and shall be made strictly in accordance with the following provisions:

(i) No person shall have any discretion to select which Outside Directors shall be granted Options or to determine the number of Shares to be covered by Options granted to Outside Directors.

(ii) Each person who is an Outside Director on the effective date of this Plan (as determined under Section 6 below) shall on such date be automatically granted an Option to purchase 25,000 Shares (an "Initial Option") provided that such Outside Director had not previously been granted any stock options by the Company. In addition, each Outside Director shall on the date on which such person first becomes an Outside Director after the effective date of this Plan, whether through election by the shareholders of the Company or appointment by the Board of Directors to fill a vacancy, be automatically granted an Initial Option.

(iii) Each Outside Director, including an Outside Director who did not receive an Initial Option grant, shall be automatically granted an Option to purchase 10,000 Shares (the "Annual Option") on the date of each Annual Meeting of the Company's shareholders immediately following which such Outside Director is serving on the Board, provided that, on such date, he or she shall have served on the Board for at least six (6) months prior to the date of such Annual Meeting.

(iv) Notwithstanding the provisions of subsections (ii) and (iii) hereof, in the event that a grant would cause the number of Shares subject to outstanding Options plus the number of Shares previously purchased upon exercise of Options to exceed the Pool, then each such automatic grant shall be for that number of Shares determined by dividing the total number of Shares remaining available for grant by the number of Outside Directors receiving an Option on the automatic grant date. Any further grants shall then be deferred until such time, if any, as additional Shares become available for grant under the Plan through action of the stockholders to increase the number of Shares which may be issued under the Plan or through cancellation or expiration of Options previously granted hereunder.

(v) Notwithstanding the provisions of subsections (ii) and (iii) hereof, any grant of an Option made before the Company has obtained stockholder approval of the Plan in accordance with Section 17 hereof shall be conditioned upon obtaining such stockholder approval of the Plan in accordance with Section 17 hereof.

(vi) The terms of each Initial Option granted hereunder shall be as follows:

- (1) each Initial Option shall be exercisable only while the Outside Director remains a Director of the Company,

except as set forth in Section 9 below;

(2) the exercise price per Share shall be 100% of the fair market value per Share on the date of grant of each Initial Option, determined in accordance with Section 8 hereof;

(3) each Initial Option shall vest and become exercisable at the rate of twenty five percent (25%) of the Shares subject to the Initial Option on the first anniversary of the date of grant of the Initial Option and $\frac{1}{36}$ of the remaining Shares subject to the Initial Option each month thereafter.

(vii) The terms of each Annual Option granted hereunder shall be as follows:

(1) each Annual Option shall be exercisable only while the Outside Director remains a Director of the Company, except as set forth in Section 9 below;

(2) the exercise price per Share shall be 100% of the fair market value per Share on the date of grant of each Annual Option, determined in accordance with Section 8 hereof;

(3) each Annual Option shall vest and become exercisable at the rate of one hundred percent (100%) of the Shares subject to the Annual Option on the day before the first anniversary of the date of grant of the Annual Option.

(c) **Powers of the Board.** Subject to the provisions and restrictions of the Plan, the Board shall have the authority, in its discretion: (i) to determine, upon review of relevant information and in accordance with Section 8(b) of the Plan, the fair market value of the Common Stock; (ii) to determine the exercise price per Share of Options to be granted, which exercise price shall be determined in accordance with Section 8 of the Plan; (iii) to interpret the Plan; (iv) to prescribe, amend and rescind rules and regulations relating to the Plan; (v) to authorize any person to execute on behalf of the Company any instrument required to effectuate the grant of an Option previously granted hereunder; and (vi) to make all other determinations deemed necessary or advisable for the administration of the Plan.

(d) **Effect of Board's Decision.** All decisions, determinations and interpretations of the Board shall be final and binding on all Optionees and any other holders of any Options granted under the Plan.

(e) **Suspension or Termination of Option.** If the Chief Executive Officer or his or her designee reasonably believes that an Optionee has committed an act of misconduct, such officer may suspend the Optionee's right to exercise any option pending a determination by the Board (excluding the Outside Director accused of such misconduct). If the Board (excluding the Outside Director accused of such misconduct) determines an Optionee has committed an act of embezzlement, fraud, dishonesty, nonpayment of an obligation owed to the Company, breach of fiduciary duty or deliberate disregard of the Company rules resulting in loss, damage or injury to the Company, or if an Optionee makes an unauthorized disclosure of any Company trade secret or confidential information, engages in any conduct constituting unfair competition, induces any Company customer to breach a contract with the Company or induces any principal for whom the Company acts as agent to terminate such agency relationship, neither the Optionee nor his or her estate shall be entitled to exercise any Option whatsoever. In making such determination, the Board of Directors (excluding the Outside Director accused of such misconduct) shall act fairly and shall give the Optionee an opportunity to appear and present evidence on Optionee's behalf at a hearing before the Board or a committee of the Board.

5. **Eligibility.** Options may be granted only to Outside Directors. All Options shall be automatically granted in accordance with the terms set forth in Section 4(b) above. An Outside Director who has been granted an Option may, if he or she is otherwise eligible, be granted an additional Option or Options in accordance with such provisions.

The Plan shall not confer upon any Optionee any right with respect to continuation of service as a Director or nomination to serve as a Director, nor shall it interfere in any way with any rights which the Director or the Company may have to terminate his or her directorship at any time.

6. **Term of Plan; Effective Date.** The Plan shall become effective on the effectiveness of the registration statement under the Securities Act of 1933, as amended, relating to the Company's initial public offering of securities. It shall continue in effect for a term of ten (10) years unless sooner terminated under Section 13 of the Plan.

7. **Term of Options.** The term of each Option shall be ten (10) years from the date of grant thereof unless an Option terminates sooner pursuant to Section 9 below.

8. **Exercise Price and Consideration.**

(a) **Exercise Price.** The per Share exercise price for the Shares to be issued pursuant to exercise of an Option shall be 100% of the fair market value per Share on the date of grant of the Option.

(b) **Fair Market Value.** The fair market value shall be determined by the Board; provided however that in the event the Common Stock is traded on the Nasdaq National Market or listed on a stock exchange, the fair market value per Share shall be the closing sales price on such system or exchange on the date of grant of the Option (or, in the event that the Common Stock is not traded on such date, on the immediately preceding trading date), as reported in The Wall Street Journal, or if there is a public market for the Common Stock but the Common Stock is not traded on the Nasdaq National Market or listed on a stock exchange, the fair market value per Share shall be the mean of the bid and asked prices of the Common Stock in the over-the-counter market on the date of grant, as reported in The Wall Street Journal (or, if not so reported, as otherwise reported by the National Association of Securities Dealers Automated Quotation ("Nasdaq") System).

(c) **Form of Consideration.** The consideration to be paid for the Shares to be issued upon exercise of an Option shall consist

entirely of cash, check, other Shares of Common Stock having a fair market value on the date of surrender equal to the aggregate exercise price of the Shares as to which the Option shall be exercised (which, if acquired from the Company, shall have been held for at least six months), or any combination of such methods of payment and/or any other consideration or method of payment as shall be permitted under applicable corporate law.

9. **Exercise of Option.**

(a) **Procedure for Exercise; Rights as a Stockholder.** Any Option granted hereunder shall be exercisable at such times as are set forth in Section 4(b) above; provided however that no Options shall be exercisable prior to stockholder approval of the Plan in accordance with Section 17 below has been obtained.

An Option may not be exercised for a fraction of a Share.

An Option shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Option by the person entitled to exercise the Option and full payment for the Shares with respect to which the Option is exercised has been received by the Company. Full payment may consist of any consideration and method of payment allowable under Section 8(c) of the Plan. Until the issuance (as

4

evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to the Optioned Stock, notwithstanding the exercise of the Option. A share certificate for the number of Shares so acquired shall be issued to the Optionee as soon as practicable after exercise of the Option. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in Section 11 of the Plan.

Exercise of an Option in any manner shall result in a decrease in the number of Shares which thereafter may be available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(b) **Termination of Continuous Status as a Director.** If an Outside Director ceases to serve as a Director, he or she may, but only within ninety (90) days after the date he or she ceases to be a Director of the Company, exercise his or her Option to the extent that he or she was entitled to exercise it at the date of such termination. Notwithstanding the foregoing, in no event may the Option be exercised after its term set forth in Section 7 has expired. To the extent that such Outside Director was not entitled to exercise an Option at the date of such termination, or does not exercise such Option (to the extent he or she was entitled to exercise) within the time specified above, the Option shall terminate and the Shares underlying the unexercised portion of the Option shall revert to the Plan.

(c) **Disability of Optionee.** Notwithstanding Section 9(b) above, in the event a Director is unable to continue his or her service as a Director with the Company as a result of his or her total and permanent disability (as defined in Section 22(e)(3) of the Code), he or she may, but only within twelve (12) months from the date of such termination, exercise his or her Option to the extent he or she was entitled to exercise it at the date of such termination. Notwithstanding the foregoing, in no event may the Option be exercised after its term set forth in Section 7 has expired. To the extent that he or she was not entitled to exercise the Option at the date of termination, or if he or she does not exercise such Option (to the extent he or she was entitled to exercise) within the time specified above, the Option shall terminate and the Shares underlying the unexercised portion of the Option shall revert to the Plan.

(d) **Death of Optionee.** In the event of the death of an Optionee: (A) during the term of the Option who is, at the time of his or her death, a Director of the Company and who shall have been in Continuous Status as a Director since the date of grant of the Option, or (B) three (3) months after the termination of Continuous Status as a Director, the Option may be exercised, at any time within twelve (12) months following the date of death, by the Optionee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent of the right to exercise that had accrued at the date of death or the date of termination, as applicable. Notwithstanding the foregoing, in no event may the Option be exercised after its term set forth in Section 7 has expired. To the extent that an Optionee was not entitled to exercise the Option at the date of death or termination or if he or she does not exercise such Option (to the extent he or she was entitled to exercise) within the time specified above, the Option shall terminate and the Shares underlying the unexercised portion of the Option shall revert to the Plan.

10. **Nontransferability of Options.** The Option may not be sold, pledged, assigned, hypothecated, transferred or disposed of in any manner other than by will or by the laws of descent or distribution or pursuant to a qualified domestic relations order (as defined by the Code or the rules thereunder). The designation of a beneficiary by an Optionee does not constitute a transfer. An Option may be exercised during the lifetime of an Optionee only by the Optionee or a transferee permitted by this Section.

5

11. **Adjustments Upon Changes in Capitalization; Corporate Transactions.**

(a) **Adjustment.** Subject to any required action by the stockholders of the Company, the number of shares of Common Stock covered by each outstanding Option, the number of Shares of Common Stock set forth in Sections 4(b)(ii), (iii) and (iv) above, and the number of Shares of Common Stock which have been authorized for issuance under the Plan but as to which no Options have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option, as well as the price per Share of Common Stock covered by each such outstanding Option, shall be proportionately adjusted for any increase or decrease in the number of issued Shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock (including any such change in the number of Shares of Common Stock effected in connection with a change in domicile of the Company) or any other increase or decrease in the number of issued Shares of Common Stock effected without receipt of consideration by the Company; provided however that conversion of any convertible securities of the Company shall not be deemed to have been "effected

without receipt of consideration." Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option.

(b) **Change of Control.** In the event of any transaction that qualifies as a Change of Control and notwithstanding whether or not outstanding Options are assumed, substituted for or terminated in connection with the transaction, the vesting of each outstanding Option shall accelerate in full such that each Optionee shall have the right to exercise his or her Option as to all of the Optioned Stock, including Shares as to which the Option would not otherwise be exercisable, immediately prior to consummation of the transaction.

For purposes of this Section 11(b), an Option shall be considered assumed, without limitation, if, at the time of issuance of the stock or other consideration upon such Change of Control, each Optionee would be entitled to receive upon exercise of an Option the same number and kind of shares of stock or the same amount of property, cash or securities as the Optionee would have been entitled to receive upon the occurrence of such transaction if the Optionee had been, immediately prior to such transaction, the holder of the number of Shares of Common Stock covered by the Option at such time (after giving effect to any adjustments in the number of Shares covered by the Option as provided for in this Section 11); provided however that if such consideration received in the transaction was not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon exercise of the Option to be solely common stock of the successor corporation or its Parent equal to the Fair Market Value of the per Share consideration received by holders of Common Stock in the transaction.

(c) **Certain Distributions.** In the event of any distribution to the Company's stockholders of securities of any other entity or other assets (other than dividends payable in cash or stock of the Company) without receipt of consideration by the Company, the Administrator may, in its discretion, appropriately adjust the price per Share of Common Stock covered by each outstanding Option to reflect the effect of such distribution.

12. **Time of Granting Options.** The date of grant of an Option shall, for all purposes, be the date determined in accordance with Section 4(b) hereof. Notice of the determination shall be given to each Outside Director to whom an Option is so granted within a reasonable time after the date of such grant.

6

13. **Amendment and Termination of the Plan.**

(a) **Amendment and Termination.** The Board may amend or terminate the Plan from time to time in such respects as the Board may deem advisable; provided that, to the extent necessary and desirable to comply with Rule 16b-3 under the Exchange Act (or any other applicable law or regulation), the Company shall obtain approval of the stockholders of the Company to Plan amendments to the extent and in the manner required by such law or regulation.

(b) **Effect of Amendment or Termination.** Any such amendment or termination of the Plan that would impair the rights of any Optionee shall not affect Options already granted to such Optionee and such Options shall remain in full force and effect as if this Plan had not been amended or terminated, unless mutually agreed otherwise between the Optionee and the Board, which agreement must be in writing and signed by the Optionee and the Company.

14. **Conditions Upon Issuance of Shares.** Notwithstanding any other provision of the Plan or any agreement entered into by the Company pursuant to the Plan, the Company shall not be obligated, and shall have no liability for failure, to issue or deliver any Shares under the Plan unless such issuance or delivery would comply with the legal requirements relating to the administration of stock option plans under applicable U.S. state corporate laws, U.S. federal and applicable state securities laws, the Code, any stock exchange or Nasdaq rules or regulations to which the Company may be subject and the applicable laws of any other country or jurisdiction where Options are granted under the Plan, as such laws, rules, regulations and requirements shall be in place from time to time (the "Applicable Laws"). Such compliance shall be determined by the Company in consultation with its legal counsel.

As a condition to the exercise of an Option, the Company may require the person exercising such Option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by law.

15. **Reservation of Shares.** The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

16. **Option Agreement.** Options shall be evidenced by written option agreements in such form as the Board shall approve.

17. **Stockholder Approval.** If required by the Applicable Laws, continuance of the Plan shall be subject to approval by the stockholders of the Company. Such stockholder approval shall be obtained in the manner and to the degree required under the Applicable Laws.
